NEWS OF KANSAS.

A Woman at Atchison Found Unconscious in Her Room.

It May Have Been a Case of Attempted Suicide.

OTHER STATE NEWS.

A Guthrie Man Draws the Arkansas City Hotel.

ATCHISON, Dec. 29.—Helen MacBennett, who came to Atchison from Tecumseh, Neb., some time ago, for the purpose of getting up a city directory, was found in a stupefied condition in her room over Vance's second hand store last night by a pattern solicitor and his wife, who called, thinking the place was a dress-making establishment. It was learned that Miss Bennett was addicted to the habit of taking chloroform, and that her condition was probably due to taking too much of the drug. A nurse was summoned for her, and she recovered her reason in a few hours. Miss Daisy Wagner, who came to Atchison with Miss Bennett to assist in getting up the directory, gave up the idea a few days ago and went to work at a Third street restaurant.

Miss Wagner says Miss Bennett has been in the habit of taking chloroform for a long time, and does not believe that the drug was taken with suicidal intent. Miss Bennett has a brother at Hanover, Kan., who has been notified. Miss Bennett was formerly the editor of the Daily News at Tecumseh, Neb.

SCIENCE HALL DEDICATED. The New Building at the State Agricultural College Opened.

MANHATTAN, Dec. 29.—The new library and agricultural science hall of the Kansas State Agricultural college was formally dedicated last night by a banquet. The dedication was under the direction of the Kansas Academy of Science, which is in session here this week. About 250 invitations had been issued and many prominent men from all parts of the state were in attendance.

The state University was represented by Chancellor Snow. From Topeka came ex-Governor Glick, Secretary Cushman of the state board of agriculture, Prof. M. L. Ward, of Ottawa University; Hon. Robert May, Junction City; Hon. W. B. Sutton of Russell; Hon. George T. Anthony of Ottawa; Prof. S. Wendell Williston of Lawrence.

The new building stands about 175 feet southeast of the main college hall. The main part measures about 100 by 100 feet, and is two stories high, with a 12-foot basement and a rooey attic. On the main floor is a large hall, which contains a class room for zoology, entomology and geology, a biological laboratory and a private laboratory for the professor. The second floor shows the same number of rooms, with nearly the same arrangement, and is to be occupied by the department of botany.

The library wing is only one story high above the main floor, and extends west from the main part. The stack room will contain two tiers of book stacks, one above the other, and will provide shelving for about 60,000 volumes. Since the catalogue enumerates but 20,000 volumes, only a part of the shelving will be put in place for the present. All stacks and shelving will be made of steel. When finished the building will have cost \$40,000.

MISSOURI FROZEN IN PLACES. At Leavenworth the River is Bridged With Ice Which is Narrow.

LEAVENWORTH, Dec. 29.—The Missouri river was bridged with ice in several places here yesterday. It is a rare occurrence for sufficient ice to form to block the Missouri river in about twenty-four hours. The low stage of the water at this time probably has something to do with it.

The ice formed a blockade across the river immediately above the new bridge where the stream is very narrow. The stream is also blocked in the vicinity of the North Leavenworth coal shaft and again near the old sugar factory. There is open water between the gorges. The weather has moderated some today and the gorges may break.

INTERSTATE LITERARY SOCIETY. The Colored People's Meeting at Atchison Closed Last Night.

ATCHISON, Dec. 29.—At the Interstate Literary society at the Ebenezer Baptist church Miss Mal Lewis and H. LaFite of Atchison rendered an instrumental duet, after which Miss N. G. General, also of this city, read a paper entitled "Marvelous Wonders of the Negro," Miss Mal Lewis, also of Atchison, read a paper on "Realism in Fiction." Seven papers were read by Lawrence delegates during the day. The convention closed last night with a paper by Rev. Adam S. Green, Lawrence, entitled "Human Species." F. C. Long of Atchison also read a paper.

Prof. Albert E. Menke, of the Kentucky State Agricultural College, writes: "I have found on examination Dr. Price's Baking Powder to be the strongest and most wholesome in public use."

DREW A HOTEL FOR A PRIZE. A Guthrie Man Gets the Fine Arkansas City Hotel.

ARKANSAS CITY, Dec. 29.—Last night the news came to the city of the number that drew the Fifth Avenue hotel. The number was held by Henry Lynn, general agent of the Pabst brewing company at Guthrie. Mr. Lynn bought all the tickets unsold and that ticket was among them. He has been notified of his luck and will probably come here to take charge of his property. The hotel cost \$140,000.

Drunkness Ends in Murder. READING, Dec. 29.—Dr. Mullens shot and killed William Blake at Arvonia, six miles southeast of here, last night. Both were drunk and the trouble occurred over some trivial matter. Blake had lived at Arvonia for several years. Mullens is a young physician of Lebo. He declares that he shot in self-defense.

PERSONAL AND POLITICAL.

Topeka people who dance at the inaugural ball must put up \$2.50.

H. A. Heath, of the Kansas Farmer, is attending the Populist conference in St. Louis.

The Sedgwick county members of the legislature are said to be for Lobdell for speaker.

George L. Douglass, speaker of the last house, is here to see his old legislative friends.

Cy Leland has gone home, and his senatorial boom will have a rest until after New Year's.

It will cost 50 cents to get a seat in the gallery of Representative hall to watch the inaugural ball.

As far as heard from there is but one candidate for assistant chief clerk of the house, L. S. Sears.

R. R. Welch says he will not be a candidate for re-election as a member of the school board next spring.

Ex-Congressman John G. Otis will start out on a lecturing tour for the Farmers' Alliance next week.

Columbus Borin of the Oberlin Eye has arrived and will do newspaper work here until the close of the session.

J. S. Caldwell, who wants to be insurance commissioner, to succeed S. H. Seider, is here, accompanied by his wife.

Some of the politicians object because A. W. Stubbs changes his hats so often they never know him when they see him.

It is expected there will be a big crowd of politicians strike Topeka Monday, as that is the last day they can use their 1894 passes.

It is predicted that after next Monday everything else will be lost sight of in the speaking contest until the house is organized.

I. E. Lambert, of Emporia, has joined the Hood forces at the Copeland. He says Major Hood will not come to Topeka until after New Year's.

Si Dickason of Sumner county, and A. H. Burris of Garden City, are here working for the same job. They want to be sergeant-at-arms of the house.

Frank A. Root, who for many years was the editor of the North Topeka Mail, and is now employed on a tripple Creek paper, is visiting his family.

W. J. Bailey, of Balleysville, who used to be at the head of the Republican league is here, but he says he is looking after business matters exclusively.

J. K. Cullison, one of the candidates for speaker of the house, will introduce an insurance bill and an anti-lottery measure when he gets an opportunity.

The Kansas Farmer wants the Republican members of the house to make W. B. Sutton speaker, because he is president of the Kansas Improved Stock Breeders' association.

A. C. Sherman will introduce a bill in the house to provide for an industrial hall in connection with the reform school, where the boys may be taught some kind of a trade.

It is now said that Chester L. Long will follow the example set by Congressman Broderick and will take a hand in the senatorial fight. He is to be here next week with the Ady boomers.

Representative J. M. Foster, one of the old Republican members, is here from Republic county, and will represent his county in the house again this winter. He is in favor of a court of appeals, to relieve the supreme court.

Yet to be discovered—the woman who was disappointed in cooking with Dr. Price's Baking Powder.

THEY ARE GONE. The School Ma'am's Have Gathered Up Their Bright Smiles and Taken Them Home.

The teachers are leaving us. Their bright smiles are gone and it is once more cloudy and dismal and workaday. The hotel corridors have nothing but policies in them now and the happy spirit of the Kansas school ma'am trying to combine the serious brow of learning and the happy eyes of cutting is no longer on the street.

Representative hall and the high school building are dreary and dark. The good natured discussion has stopped for a year and the teachers have gone back to their books and kindling, and pupils to the irksome tasks that they rejoice in, the real teacher is an enthusiast.

The thirty-second annual meeting closed last night with the lecture at the high school building by Dr. Charles Cundy of Chicago. It was entitled "Mrs. Grundy" and was good.

There was the usual number of meetings of the various divisions yesterday afternoon. The college and high school people met at the Baptist church, and the district and graded school division met in Representative hall.

The county superintendents held their meeting in the senate chamber and elected the following officers for the ensuing year: President, E. Staley; vice president, E. L. Glasgow; secretary, F. H. Baker. The next meeting will be held at Atchison in May.

The kindergarten work was discussed in the assembly room of the high school building.

The teachers will meet again at Topeka on December 30th next, and they will be welcome.

TO ORGANIZE THE STATE. The Topeka Populist League Have a Plan to Re-educate the Party.

The Populist league wants the Populist party reorganized. The Topeka league is the only organization of the kind in the state, and at their meeting last night they decided that the only way to keep life in the Populist party is to organize similar leagues all over the state. It is the intention of the league to send organizers to every county seat in the state to organize a league.

Then the county societies will organize sub-leagues in every township in the county. The league intends to submit this plan to the state conference of Populist leaders which will be held in Topeka on January 5.

The league also ordered the report of the committee on legislation printed in circular form, and these will be scattered broadcast over the state.

At the meeting of the league next Friday evening officers will be elected, and some changes made in the constitution.

JAMES G. FAIR DEAD.

The Western Millionaire Succumbs Early This Morning.

Was Ex-Senator from Nevada and Worth 20 Millions.

REMEMBERS HIS SON.

Chas. Fair Once Disinherited Named in the Will.

Fair Was One of the Big Bonanza Kings.

SAN FRANCISCO, Dec. 29.—Ex-Senator James G. Fair died suddenly at the Lick house at 12:20 this morning. Senator Fair has been in poor health for some time, suffering from asthma, a few days ago he caught cold while going out in a rain storm to view some of his property improvements at North Beach. The cold did not apparently affect his lungs, but settled in his kidneys. Last evening he was feeling better than for the past few days and his death was entirely unexpected.

Senator Fair was about 64 years old. His death was due to a complication of kidney and stomach troubles. His only son, Charles G. Fair, whom he disinherited about a year ago, was with his father at the time of his death, a reconciliation having been effected a short time ago.

Senator Fair was born in Ireland and was educated in Nevada. He made his fortune in the Comstock lode and was a member of the famous Bonanza firm, Flood, Mackay, Fair & O'Brien. He largely increased his wealth by investments in San Francisco and California real estate, and his fortune is estimated at twenty million dollars.

AN IMMENSE LAND DEAL. Cincinnati Men Buy 45,000 Acres of Mexican Land for \$300,000.

MEXICO CITY, Mex., Dec. 29.—The largest land deal recorded in this country for many years has just been consummated between Margarito Haro of the Isthmus of Tehuantepec, and Tilton Embury and associates of Cincinnati. The property is situated on the Isthmus of Tehuantepec and is known by the name of Hacienda de San Miguel. It comprises 45,000 acres of land of which nearly half has been cleared. There are between 3,000 and 4,000 head of cattle as well as 600 head of horses, and about 400 houses inhabited by 125 families.

The purchase price is between \$100,000 and \$200,000 in gold, or \$400,000 Mexican money. The owners are Messrs. Tilton Embury of Cincinnati, J. B. Embury, S. T. Christman and D. B. Mills of Kentucky. They intend to spend an additional \$250,000 on improvements and the installation of sugar machinery and agricultural implements, so as to manipulate it after the style of American agriculturists.

In golden autumn or icy winter Dr. Price's Baking Powder is equally effective.

REFUSED TO INDICT. The Chicago Grand Jury Finds Nothing Against Aldermen Powers.

CHICAGO, Dec. 29.—The grand jury by a unanimous vote today refused to indict Aldermen John Powers for soliciting a bribe. Aldermen Powers had been charged with attempting to secure \$25,000 to repeal a cigar and cigarette ordinance.

Kansas Patents. Patents granted to citizens of Kansas for the week ending December 25, 1894, reported through the office of J. F. Beale, solicitor of patents, 606 F street, N. W., Washington, D. C.: Frank J. Brown and A. S. Allen, Halstead, transmitting gear for windmills; Austin Low, Minneapolis, type writing machine; Sarah A. Potter, Harper, invalid chair; Lucius A. Smith, Topeka, truss.

BAD NIGHT FOR JOINTS.

The Sheriff Closed Up "Big Jim" McHenry's Place and Another Place.

"Big Jim" McHenry's joint on Madison street, near Sixth, was raided by deputy sheriffs last night. One barrel nearly full of bottled beer was confiscated. McHenry is charged with selling liquor, but the officers say he allowed gambling in the place. The house is a large one and was elegantly furnished. Frank Savington, a notorious colored character, is charged with selling liquor at the same place. Both men are in the county jail unable to give bond. McHenry says the beer belonged to some of the boys in the "Bus Barn."

There is a strange story in connection with the arrest. "Big Jim" was hard up about a year ago, but he wanted to take the Keeley cure. He finally borrowed \$65 from his brother, Tom McHenry, who worked on a farm. Tom wanted the money back and as Jim has been "flush" lately he asked for the \$65 a number of times. This week, so the story goes, he went to "Big Jim's" house and demanded the money. They quarreled and Brother Tom was struck on the head with a chair. The sore place is there yet.

While the officers were out they concluded they might as well serve some other warrants which had been lately filed. They went to Hank Trowbridge's place at 317 East First street. He was charged with selling whisky "sneak" the boys call it. At the jail Trowbridge said: "If you're going to pull everyone that's selling whisky you'll have to get three jails bigger than this one to hold 'em all. Why do you know, all the drug stores and all the dry-goods stores, and the jewelers and the grocers, and everybody's selling it now. I heard the reporters wuz boot-legging."

A widow whom some one has charged with selling liquor at some indefinite period, was also called on. She will testify against several worse offenders than she is, in which case there will be no prosecution.

OBSTACLES PILE UP. It is All Asura Per Aspera With the Woolen Mill.

George Spaulding, contractor of the woolen mill, has filed a suit against the company for \$3,000, for work and material furnished by him.

The directors of the company have held several meetings, but have not yet been able to make a satisfactory agreement with Mr. Appleyard, the proprietor of the mill.

C. J. Prescott, secretary of the company, said to a Journal reporter: "When the mill is completed according to contract, the company will owe Mr. Appleyard about \$5,500, and we are ready to pay him just as soon as the machinery is in place and the mill ready for operation. I understand that Mr. Appleyard claims that Mr. Bartholomew has agreed to do certain things, and that Mr. Bartholomew is responsible for carrying out a part of the contract. Our agreement is with Mr. Appleyard and whatever arrangements he has made with Mr. Bartholomew does not affect his obligation to us."

The worst thing about this whole trouble is that the men who have done the work are not able to get their pay. I would advise them to take any legal steps which will protect their interests."

The building is about completed and the greatest trouble now seems to be about the building of the switch and the sewer.

The machinery is on the tracks, but cannot be taken to the mill until the switch is built. The county commissioners have granted permission to build the sewer, but there seems to be a disagreement about who has to build it.

Mr. Bartholomew said today that he thinks the matter will be fixed up in a few days.

Smiles abound wherever Dr. Price's Cream Baking Powder is used.

BANQUET TOASTS. Men Who Will Do the Talking at the Municipal Reform Banquet.

The committee which has charge of the arrangements for the meeting of the representatives of the cities of the first class in Topeka on next Thursday has about completed the preliminary work. There will probably be 100 people here to attend the convention, which will be held in the council chamber.

There will be no programme at the day meeting but a committee will report on "needed legislation" and the report will be discussed.

Councilman Fellows, who is chairman of the committee, is busy preparing the programme of toasts for the banquet which will be given the visitors on the evening of Jan. 3. So far as arranged the programme of toasts is as follows: Mayor Harrison, Topeka, "Paving the Way;" Mayor Barnes, Kansas City, "Municipal Improvement;" Mayor Cloyes, Atchison, "The City of Atchison;" Councilman S. B. Bradford, Topeka, "Municipal Government;" Councilman Geo. E. McGill of Leavenworth and Councilman P. C. Hesser of Fort Scott have also signified their willingness to respond to toasts.

Robbed of a \$10,000 Draft.

Des Moines, Iowa, Dec. 29.—Jacob Shupe of Loom, Rapids, was "bumped" by highwaymen here, and robbed of a draft for \$10,000 on the First National bank of Chicago and \$6,000 in notes payable to himself. In another purse which the thieves did not get he had \$25,000 in notes and drafts payable to himself. He will recover from his injuries.
